## **Update from the Bay Area—October 2006**

The *Bay Area Monitor*, a publication of the LWV of the Bay Area Education Fund, is published bi-monthly and distributed to local elected officials, regional agencies, community leaders and three copies are sent to each local League. It is funded by several regional agencies and a few individual contributions.

Because the LWVBA wants to keep our members and others fully informed about regional issues within the Bay Area (in addition to being informed about national, state and local issues), we want to remind you about this publication that is available on-line at [www.bayareamonitor.org](http://www.bayareamonitor.org).

Our latest issue features:

- Eastshore State Park Dedication
- Protecting California's Climate
- MTC Transit Oriented Development Policy
- Parking Policies in the Bay Area

Finally, we should acknowledge the transition from our long-time editor, Leslie Stewart, who has been with the publication for 19 years, to Alec MacDonald, the recently hired editor of this latest edition.

If the LWVBA can do anything, it is to educate League members about regional issues and keep the regional vision alive. This is why I served on the LWVBA board in the early 1970s and remains my mission today.
